Town Warrant

THE STATE OF NEW HAMPSHIRE

[L. S.] To the Inhabitants of the Town of Sunapee, in the County of Sullivan, in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at I. O. O. F. Banquet Hall in said Sunapee, on Tuesday, the ninth day of March next, at nine of the clock in the forenoon, to act upon the following subjects:

Article 1. To choose a Town Clerk for the year ensuing.

Art. 2. To hear the reports of the Town Treasurer, Board of Selectmen, Water Commissioners, Auditors, Agents and Committees or other officers heretofore chosen, and pass any vote relating thereto.

Art. 3. To choose all necessary Town Officers for the year ensuing.

Art. 4. To see what sum of money the town will raise to pay outstanding debts and interest on its notes and water bonds, and pass any vote relating thereto.

Art. 5. To see what sum of money the town will raise to defray town charges for the ensuing year, and pass any vote relating thereto.

Art. 6. To see what sum of money the town will raise and appropriate to repair highways and bridges for the year ensuing, and pass any vote relating thereto.

Art. 7. To see what sum of money the town will raise and appropriate for the maintenance of its public library, and pass any vote relating thereto.

Art. 8. To see what sum of money the town will set aside for a sinking fund, on its water bonds, and pass any vote relating thereto.

Art. 9. To see what sum of money the town will raise for electric lights, and pass any vote relating thereto.

Art. 10. To see what sum of money the town will raise to maintain the Fire Department, and pass any vote relating thereto.

Art. 11. To see what sum of money the town will raise and appropriate for the care of its cemeteries for the year ensuing, and pass any vote relating thereto.

Art. 12. To see if the town will vote to accept maintenance for state highway, and pass any vote relating thereto.

Art. 13. To see if the town will vote to accept state aid for highways, and pass any vote relating thereto.

Art. 14. To see if the town will vote to license junk dealers, and pass any vote relating thereto.

Art. 15. To see if the town will vote to change the name of the post office now known as Georges Mills to that of Van Harbor, and pass any vote relating thereto.

Art. 16. To see what sum of money the town will raise for the observance of Old Home week, and pass any vote relating thereto.

Art. 17. To see if the town will request the selectmen to purchase a fire-proof safe of sufficient capacity to contain its records and place them therein.

Art. 18. To see if the town will appropriate the Hame Shop office to the use of the town officers.

Art. 19. To see if the town will vote to authorize and instruct the selectmen to act in conjunction with the Hame Shop committee in disposing of such parts of the Hame Shop property as they think advisable, and the selectmen give deeds for the same.

Art. 20. To see what action the town will take in regard to exempting from taxation the Globe Wrench Co. for a term of ten years, and pass any vote relating thereto.

Art. 21. To see what action the town will take in regard to exempting from taxation the Sunapee Shoe Co. for the term of ten years, and pass any vote relating thereto.

Art. 22. To see if the town will vote to authorize and instruct the selectmen to act in conjunction with the Hame Shop committee in making a contract with the Globe Wrench Co. for the purpose of pumping the town water, and pass any vote relating thereto.

Art. 23. To see if the town will vote to retain the Hame Shop property on East Main St., from Post Office Square to Sawyer's stable, and pass any vote relating thereto.

Art. 24. To see if the town will vote to procure bonds of some bonding company for the town officers, and pass any vote relating thereto.

Art. 25. To see if the town will vote to raise one hundred dollars to maintain the Sunapee Board of Trade, and pass any vote relating thereto.

Art. 26. To see if the town will vote to instruct the selectmen to hire money on the anticipation of taxes.

Art. 27. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this twenty-second day of February, in the year of our Lord nineteen hundred and fifteen.

Report of Fire Department

We hereby submit our annual report of the Fire Department for the year ending February 1915.

We are glad to say that there has been a very small loss of property by fire in the past year, there being but four public alarms given during the year. The total loss of the store at Sunapee Depot on July 31 was the heaviest; loss on store and contents about \$1,500 with \$1,000 insurance.

The apparatus and other property of the Department is in good condition, and the personnel of the Department is in the good state of efficiency it has been in the past years and ready at all times to do all that they can in saving life and property when opportunity offers.

On July 4, 1914, through the very generous spirit of Mr. Billy Van, the town was presented with a 160 gallon chemical engine which increased the efficiency of the Department very much and it was appreciated by all. After accepting this piece of apparatus we found there was no place to house it as the apparatus that we had filled the two houses to their capacity. We hope that the town will feel that they can remedy this at the annual meeting.

In the last year there has been a house built at the lower village and a wagon installed with hose enough to cover most of the buildings at that end of the village. There has also been built a wagon to take the place of the small reel at Georges Mills which gives Hose 3 Company an up-to-date piece of apparatus to take care of that part of the town.

Hoping that the good luck will continue in the year to come that has been ours in the year that has passed, and thanking the citizens for interest shown, and the members of the Department for duties well done, we are

Respectfully yours,

F. M. SARGENT,
A. T. YOUNG,
C. Q. MUZZEY,
A. A. YOUNG,
J. F. EASTMAN,
A. W. RUSSELL,
M. O. BLOOD,

Engineers of the Fire Department.

Report of Board of Health

The health conditions in Sunapee for the year ending have been excellent, there being no typhoid, diphtheria or other communicable diseases except one case of tuberculosis and the home of that patient was thoroughly disinfected. While the spread of typhoid fever and diphtheria can be held in check by the use of an antitoxin, it is, nevertheless, the duty of all to obliterate those things about the home which may be a breeding-place for contagious germs.

Tuberculosis is being fought with much success and if every patient obeys, as they should, the instructions they get from the State Board of Health, it will greatly assist in eradicating the disease.

Respectfully submitted,

A. D. FELCH, Secretary.

Auditors' Report

Sunapee, Feb. 25, 1915.

We hereby certify that we have examined the foregoing accounts of the School Board and School Treasurer for the year ending February 15, 1915, and find them correctly cast and properly vouched.

M. F. KNOWLTON,
FRED NOYES,
GEORGE DODGE,

Auditors for School District of Sunapee.

Report of School Board

TO THE INHABITANTS OF THE SUNAPEE SCHOOL DISTRICT:

The work of the several teachers in the district has been so very satisfactory during the year that we cannot draw the line to make special mention of any. Our relations with the teachers and pupils have been most pleasant and the work has progressed very smoothly.

The establishment of the High School was, without question, a step in the right direction and as it continues there is no reason why we should not receive more tuitions. We are pleased to present the four-year course which has been approved by the state superintendent and which we consider is well fitted for our school. Next year we shall have at least seven in the third year and possibly more in the fourth, thus giving to this number the advantage of a high school education, which many would be deprived of without the school.

The schools' greatest need is a better acquaintance of the parents with the schools, and an earnest co-operation with the teachers and school board for their promotion. We are pleased to note that a Parents and Teachers organization has recently been formed for this purpose and we trust good results will come from it.

The making of our town lies in the product of our schools, the material for which you furnish, and it cannot be a satisfactory product without the earnest co-operation of all interested.

It has been our aim to give the pupils the best we could with the money you have intrusted to our use.

Respectfully submitted,

ALBERT D. FELCH,
ERNEST P. BARTLETT,
JAMES L. BROOKS,

School Board of Sunapee.

Report State Tax Commission 1914

INCREASE IN PUBLIC EXPENDITURES

No power has constituted the members of the tax commission guardians of the public in respect to expenditures for the support of government, and they have no disposition to assume that role. Nevertheless, "economy being a most essential virtue in all states," and it being "the duty of legislators and magistrates * * * to countenance and inculcate the principles of * * * economy," all as set forth in the constitution of this state, the commissioners believe themselves to be amply justified in urging, as they have so often urged before, the importance of this subject upon the voters of the state. The public revenue, state and municipal, is the voter's business and they are responsible, directly or indirectly, for every extravagance affecting it from the inception to the termination of the fund.

Every compulsory contribution levied by public authority upon people or property is in the broad sense of the term a tax, nor is it made less obnoxious or burdensome if called a fee or a fine. In the figures that follow therefore, all fees, fines, and other exactions, if any, are included with the taxes upon polls and estates. To illustrate the comparative importance of the two classes, it may be said that the taxes upon polls and estates represent about 95 per cent. and all other income about 5 per cent. of the total revenue of the state, and of the counties, cities, towns, districts and precincts therein.

Taxes as defined above have increased by leaps and bounds in recent years. In 1903 the sum of all the taxes assessed by and within the state of New Hampshire was \$5,373,420.22; in 1913 it was \$8,765,039.07, an increase of \$3,391,618.85, or 63 per cent., in ten years. But these figures do not adequately represent the velocity the upward movement has now attained. To show that it is necessary to divide the ten-year period: The

levy in 1908 was \$924,388.79, or 17 per cent. greater than in 1903, while that in 1913 was \$2,467,230.06, or 39 per cent. greater than in 1908. By so much did the advance in the last half of said period exceed that in the first half. These figures will be the more alarming if it is remembered that while taxes already sufficiently heavy were advancing 63 per cent., the population of the state increased only about $4\frac{1}{2}$ per cent., and while the one was advancing 39 per cent., the other increased only about $2\frac{1}{4}$ per cent.

It is instructive to study the subject from another angle. In the ten years from 1904 to 1914, both inclusive, the annual increase in all taxes defined and limited as above was as follows:

1904.....	\$34,459.91
1905.....	286,590.14
1906.....	115,468.39
1907.....	411,257.46
1908.....	76,612.89
1909.....	539,995.97
1910.....	787,565.31
1911.....	215,848.50
1912.....	296,216.85
1913.....	627,603.43

The average yearly increase for the whole period was \$336,561.85. The upward trend is more plainly shown, however, by dividing, as before, the ten-year period in the middle and considering the halves separately. For the first five years the average annual increase was \$184,877.76; for the last five years it was \$493,446.01. It is surely pertinent to consider how long the little state of New Hampshire, almost stationary in wealth, can sustain a tax already burdensome and increasing at the rate of practically half a million dollars a year without crippling her industries and impoverishing her people. Plainly it is a condition not calculated to attract capital from without the state or to encourage business within the same.

From the *per capita* standpoint the situation is not less disturbing. In 1903 there were assessed \$12.88 in taxes for each man, woman and child in the state. Five years later there were assessed \$14.75 for each individual, and in five years more \$20.09. If in 1913 taxes had been equally distributed among all the people it would have meant a burden of \$100 for each family of five members. Though in reality there was little such equality in the assessment there was much in the payment. The fact is that those who occupy, use or consume property, no matter who owns it, are those who in the last analysis pay most, if not all, of the taxes thereon. If the wage earner or the man of limited means understood he was in reality paying something like \$100 a year in state and municipal and half as much more in federal taxes for the government of himself, his wife and three children his influence and his vote would more frequently make for economy in appropriations and expenditures than heretofore.

No statistics for the year 1914 appear in the above paragraphs for the reason that they are not yet at hand except in part.
